

A GOOD THING

For Wheeling is What the Pottery Combine will be if

THE NORTH WHEELING PLANT

Is Acquired as is Contemplated by the Plans of the Combine—Will Bring Several Hundred Additional Workmen to this City—The deal for the Consolidation Still Hangs fire, but will be Completed Soon.

The pottery combine still hangs fire, but the Intelligence is informed that it is only a matter of a few days when the combination of most of the large pottery establishments of the country will be effected. Just now the pottery interests in the deal are taking their annual inventory, and it is said the closing up of the consolidation negotiations is only awaiting the completion of this work.

It seems well assured that the combine will be a good thing for Wheeling, whatever it may mean to other communities in which the pottery industry is carried on. President C. W. Franzheim, of the Wheeling Pottery Company, which is one of the companies interested in the combine, admitted to an Intelligence reporter yesterday afternoon that the combine's promoters have an option on the plant of the North Wheeling China Company, and that he believed the plant would be acquired in the event that the consolidation goes through. This means the employment of several hundred additional workmen in this city, for the North Wheeling plant has not been operated for several years and the men formerly employed there have either found employment at one of the other Wheeling potteries or gone elsewhere. North Wheeling people will be especially pleased to know that the plant will probably be in operation again soon.

Mr. Charles W. Franzheim, president of the Wheeling Pottery Company, and president of the manufacturers' association, is admitted to be one of the best executives interested in the combine, and it is not unlikely that he will be given a very high office when the combine is effected, possibly the presidency.

Appraisers Appointed.

EAST LIVERPOOL, Ohio, Dec. 29.—It is stated here upon excellent authority that some of the smaller potteries are not wanted by the new trust and their stock will be returned. This is on account of the great success of the combination. On the other hand the Harkness Pottery Company, one of the stronger concerns here, has kicked over the traces and declares it will not enter the trust. Appraisers for the plants to be purchased were selected last night at a meeting of those interested.

BEST OF COLLEGE MUSIC

Heard in Wheeling Last Night—Weesleyan Club Concert.

The best college musical organization that ever appeared in Wheeling, held forth at the Carroll Club auditorium last night, to the usual small audience at first class musical attractions. The Weesleyan University Glee and Mandolin Clubs, of Middletown, Conn., for two hours delighted their very appreciative audience, in a breezy and artistic programme of music, songs and readings.

There were twenty-six fine looking students in the organization, and both their singing and playing was of the highest order, which is especially praiseworthy as few college clubs are well balanced, the glee part often excelling the musical club and vice versa. The songs were spirited and typical college glee. One medley, in particular, kept the audience in continual laughter. The mandolin club made a pronounced hit in the rendition of the "Rendezvous Waltz," and the united clubs with piano accompaniment, rendered Sousa's "Stars and Stripes Forever," as the closing number amid enthusiastic applause.

The programme was varied by creditable humorous readings by Mr. Brown. A quartette composed of Messrs. Goodrich, Cline, Smith and Montgomery, sang with much precision "Down on the Farm," and had to respond to calls for an encore. The appreciation of the entire programme was attested by the fact that every number was encored.

The audience embraced Wheeling society people, and at the conclusion of the concert the Weesleyan boys were tendered a complimentary dance, which was entirely an informal affair. The auditorium was tastefully bedecked in the variety colors, cardinal and black. The concert was arranged for the boys by Mr. Nelson Hubbard, a patron of all that is good in music, and it was regretted that the audience was not larger. The clubs appeared in Weesleyan Wednesday night and will play in Washington, D. C., to-night.

PRESIDENT THEO. SHAFFER

Of the Amalgamated Association Coming to Wheeling To-day.

President Theo. J. Shaffer, of the Amalgamated Association of Iron, Steel and Tin Workers, will come down from Pittsburgh this morning for the purpose of inspecting and classifying a new mill at the plant of the Aetna-Standard Iron & Steel Company, over in Aetna. He will be accompanied by Vice President Charles A. James, of the Wheeling district, and by a committee of the workers. President Shaffer will meet a number of the local members of the Amalgamated Association while here.

JOHN M. BROWN ELECTED

President of the Peabody Insurance Company of Wheeling.

At a meeting of the board of directors of the Peabody Insurance Company, of Wheeling, held on Wednesday night, the directors filled the vacancy in the directorate caused by the recent death of Major Alonzo Loring, by electing Mr. W. H. Williams, the North Wheeling druggist.

The directors chose as president of the company, Mr. John M. Brown, of the island, a gentleman who is prominently identified with a number of Wheeling's manufacturing and financial institutions, including the Exchange Bank and the Dollar Savings bank.

Sons of St. George Elect.

At its meeting Wednesday evening, the following were the officers elected for Wednesday lodge No. 247, Sons of St. George: President, Thomas Buckley; vice president, William Gibbons; secretary, A. E. Dunn; treasurer, George Hopwood; messenger, William Warham; assistant messenger, Isaac Johnson; chaplain, A. W. Thomas; inner sentinel, James Hudson; outer sentinel, W. H. Adams.

A FATAL DEBAUCH

Was That of Lawrence Perry, who Died Yesterday Afternoon in the City Workhouse—Had No Relatives Here.

Lawrence Perry, a man committed to the workhouse for drunkenness yesterday morning, died at that institution in the afternoon about 1:30 o'clock. He was helplessly intoxicated when arrested the night previous and the night's confinement failed to sober him when he was taken into police court. Following his removal to the workhouse, he suffered a couple of epileptic fits, and despite medical aid he died at the hour mentioned.

Perry was a canvasser for the United States Home Furnishing Company, selling Bibles, albums, etc. He came to Wheeling last spring, and boarded at 37 Seventeenth street. Intemperance was his weakness and he had been on a protracted spree when arrested. He was a native of England and is said to have been better days, and drank to drown his sorrows, but he never spoke much concerning his family connections. It is known he has a sister in Washington, D. C., but failing to hear from her, the body will be interred by the county.

THE RAILROADS.

Here is a dispatch which indirectly confirms the W. & L. E. & O. story: BALTIMORE, Dec. 29.—Receiver John K. Cowen, of the Baltimore & Ohio railroad, yesterday said that Mr. F. D. Underwood had not accepted the position of general manager. Mr. Cowen also said that the Baltimore & Ohio had not purchased and did not contemplate buying any of the so-called Brice roads, says the Toledo Blade.

It will be noticed that Mr. Cowen did not deny that the Baltimore & Ohio has been negotiating for the control of the Wheeling & Lake Erie. An article was published in the Blade, to the effect that the Baltimore & Ohio was endeavoring to either purchase the Wheeling or secure trackage rights over the road. The story was sent out by Associated Press. More recently it has been published in Washington, and sent out from there to the large papers in the country. Yet during all this time the receivers have maintained a significant silence. They have had absolutely nothing to say about the Wheeling deal which is pending.

Another feature of Mr. Cowen's statement is that the Baltimore & Ohio does not contemplate buying any of the so-called Brice lines. The Pittsburg & Western is a Brice line, and if the Baltimore & Ohio does not absorb that it must have the Wheeling.

MRS. REED BAIRD DEAD.

After an Illness of Only a Week she Died This Morning.

This morning at 1:25 o'clock, at the family residence, 1137 Chapline street, the wife of Dr. Reed M. Baird departed this life, after a comparatively brief illness. Death was due to a complication of diseases, and Mrs. Baird's illness dated only a little over a week. Her maiden name was Laura Rebecca Updegraff, a daughter of the late Israel Updegraff, and a brother of Mr. Alex. Updegraff. The deceased was a favorite in social and church circles, being especially esteemed by those who knew her best. Surviving her are the bereaved husband and one son, Dubois. The funeral arrangements have not been completed.

Mrs. Baird was a member of the First Presbyterian church. She was prominent in the organization of the Wheeling and West Virginia branches of the Daughters of the Revolution, and held high offices in both of these organizations.

THE MOORE FUNERAL

Will Take Place This Morning From St. Joseph's Cathedral.

The funeral of the late Colonel Philip Henry Moore, which will occur this morning at 10 o'clock, from St. Joseph's Cathedral, will be the occasion of the outpouring of a large concourse of friends and admirers, whose respect and esteem he enjoyed in a high degree. The services will be conducted by Right Rev. P. J. Donahue, bishop of Wheeling. Requiem mass will be celebrated, and the interment will follow at Mt. Calvary cemetery.

The following pallbearers have been chosen: Messrs. H. K. List, F. J. Hearne, Henry M. Russell, Thomas O'Brien, J. D. DuBois, W. A. Crawford, Alex. Mitchell and B. W. Peterson.

POVERTY AND DEATH.

Sad Case of Mrs. Elizabeth Porter, Who Died Yesterday.

Yesterday afternoon amid the most cheerless of surroundings, Mrs. Elizabeth Porter died of pneumonia, at her home, a small brick cottage at 1416 Alley C. She had been ill for two weeks and lacked money for medicines or even food. She made a living while she was able, by cleaning offices, and her death which was reported to the police, revealed a sad case of destitution. Charitably inclined women made the little bare room where she died look as presentable as possible, and the county will bear the expense of interment.

Died From His Injuries.

Shortly after midnight there occurred the death of John Carney, a well known citizen of the Sixth ward, at his home on South Jacob street. Mr. Carney was watchman of the Belmont mill for twenty-five years, and about three weeks ago he accidentally slipped into a pickling vat at the mill, receiving burns which indirectly caused his death. A wife and two sons, E. J. Carney, of Pittsburgh, and Christopher Carney, of this city, survive him. The funeral will occur on Sunday.

Thin, pale and consumptive persons should use some constructive tonic that will enrich the blood, increase the nerve force and renew wasted tissues.

Scott's Emulsion is based upon scientific principles. We digest the oil for you by mechanical processes, thus strengthening your digestive organs by resting them. It stops wasting, and produces energy, vigor and warmth. The hypophosphites in it invigorates the nerves, and brain tissues.

SCOTT & BOWNE, Chemists, New York.

TROUBLE IN TRANSVAAL

Johannesburg Seething with Discontent—Uitlanders Complain.

LONDON, Dec. 29.—A disquieting situation is developing at Johannesburg. According to the latest advices from there, the place is seething with discontent, as on the event of the Jameson raid, in consequence of recent proposed government measures which the Uitlanders regard as being a fresh series of impositions. In addition racial animosities are intensifying the vexatious treatment of the British-Indians and Cape "boys" which is rousing much bitterness.

There was a serious development last week, when a Boer policeman murdered an Englishman named Edgar, entering the latter's house, and shooting him. The policeman was arrested upon the charge, but upon the following day the charge was reduced to one of manslaughter, and the policeman was allowed his liberty on bail. The British agent demanded a restitution of the charge of murder, and a mass meeting, which was attended by 5,000 Uitlanders, was held at Johannesburg on Sunday, to protest against the murder of Edgar, and to present the British minister with a strongly worded petition to the queen, reciting the wrongs of the Uitlanders, appealing for protection and demanding such other steps as may be necessary to "terminate the existing intolerable state of affairs." There were no speeches, owing to the law prohibiting political gatherings. The demonstration was very impressive. The petition was presented to the consul on the balcony of the consulate, the whole multitude signifying assent by uplifting their hands. References to the Boer policeman elicited shouts of "Lynch him." The meeting, however, was peaceful, with the exception of a slight affray with the police at its conclusion.

The newspapers publish venomous articles on the subject. The Boer organ, the Rand Post, on yesterday disparaged the prospect of war with Great Britain, and advised that on the first British act of war the women and children at Johannesburg be given twenty-four hours to leave, and that the whole place be then razed, and that "the perpetrators of these turbulent proceedings, if caught, should be thrown into the deep shaft of their mines, with the debris of their machinery for costly shrouds," and adding that "the whole of Johannesburg will exult if the Afrikaander ward is converted into a gigantic rubbish heap, as a mighty tomb-stone to the shot-gun authors of this monstrous deed."

The Pretoria Volkskristen suggests that January 3 be observed as Jameson Day, and that Dr. Jameson be burned in effigy.

Along the Landing.

The marks at 6 p. m. showed 9 feet 7 inches and falling. Weather, clear and warmer.

The Queen City passed down for Cincinnati yesterday morning with a good trip.

The Virginia will reappear in the Pittsburgh and Cincinnati trade this morning, when she passes up for Pittsburgh. She will be here on Sunday morning for Cincinnati.

Captain John F. Dravo said this morning that while he was in Washington he had an interview with Congressman John Datzell. Captain Dravo says it is very likely provision will be made in the next river and harbor bill for another dam on the Ohio river. The contemplated survey at several places, he says, will determine where the dam will be placed. Cincinnati is the bid for a dam at \$2,000,000 has been appropriated out of the Ohio river funds survey at that point.—Pittsburgh Chronicle-Telegraph.

Pittsburgh River News.

PITTSBURGH, Dec. 29.—The towboat Jacob Heatherington, formerly of Belaire, and which is now owned by the Huntington and St. Louis Transportation Company, met with a peculiar accident yesterday at Louisville, according to rivermen, who returned from there this morning. She was going over the Louisville falls with a big model barge loaded with bricks, and got too close to the railroad bridge pier. The barge struck it, turned over on its side and dumped about 400,000 paving bricks into thirty feet of water. The model barge is worth about \$5,000, and the bricks about \$3,000. The bricks can hardly be recovered. After the barge struck the pier it riched and floated down the river, a big hole having been knocked in its side. The barge was finally landed and it can be repaired. Rivermen say it was a most peculiar accident. The barge was not so badly injured, but was stripped of its entire cargo. The bricks were piled about seven feet high. The barge is 220 feet long and about thirty-five feet wide. The bricks were being shipped to Memphis.

The warm weather to-day set more ice about, but colder weather is predicted for to-morrow. Much ice was floating out of the Allegheny river to-day, but it did not cause the boats much trouble. Boats returning with empties will experience some annoyance when they meet it. The ice clogs between the barges and coalboats and gives the boatmen much extra work. The Ohio river did not fall rapidly to-day, owing to the moderating weather.

River Telegrams.

GREENSBORO—River 8 feet and falling. Clear and warm. James G. Blaine down Friday. Woodward up.

WARREN—River 2 feet 6 inches. Weather clear and mild.

MORGANTOWN—River 8 feet 6 inches and falling. Weather clear and warmer.

PITTSBURGH—River 7 feet 6 inches and falling at the dam. Clear and pleasant.

TO REMOVE THE DEAD.

Bodies of American Soldiers Interred Abroad to be Brought Home.

WASHINGTON, Dec. 29.—General Ludington, quartermaster general of the army, has completed arrangements for bringing back to this country the bodies of American officers and soldiers interred at and in the vicinity of Santiago, Cuba, Ponce and other points in Porto Rico, Manila and Honolulu. The graves have been carefully marked by officials of the quartermaster's department, who have gone over to the several fields and have succeeded in identifying nearly all of the American dead. A large number of metallic caskets are now being manufactured. The shipments of the caskets will begin about January 10 and a force of skilled men will go with them to attend to the work of disinterment, hermetically sealing the caskets and shipping them back to this country. They will be brought on the government transports and the first caskets will begin arriving at the end of January. The remains will probably be brought to New York and from that point sent to relatives and friends. In order that people throughout the country may make suitable preparation for securing the bodies of friends and relatives, the quartermaster's department to-day made the following statement:

"Under a recent act of Congress the quartermaster general is now making preparation for the removal of the bodies of our officers and soldiers interred at and in the vicinity of Santiago, Cuba, Ponce and other points in Porto Rico, Manila, and Honolulu. Duly authorized relatives or representatives of the families of the deceased soldiers who wish the remains sent to their homes are required to at once notify the quartermaster general of such desire, stating in full the name of the soldier, the company and regiment to which he belonged, and the address of the town, county and state to which the remains are to be forwarded and the name of parties in whose care the remains are to be shipped, so that they can be advised of the date of shipment when made."

The act of Congress referred to appropriates \$200,000 for the purpose. It seemed at one time that the return of the bodies to American soil would be impossible as it was thought to be an undertaking attended with too many difficulties and dangers. A strong popular sentiment on the subject developed, however, and in response to this Congress made the provision of law for the return of the bodies. At the time of the act, last July, the summer heat made the removals inexpedient, but now that the cold winter months are on, the danger of infection is entirely removed.

To prepare for the work of removal, Mr. Rhodes, of the quartermaster general's office, was dispatched to Cuba, where he spent some time in making ground maps showing with the greatest minuteness location of American graves. One large map of the entire Santiago field shows the scattered centers of American interment from Siboney to the western limits of the city. Besides this, there are detailed maps of a part of the field, showing groups of graves. The map including General Lawton's headquarters shows one of the most numerous centers of death.

Mr. Rhodes marked each grave so that identification can easily be made. Until this was done many of the graves were marked only by sticks, with rough pencil markings. It is believed that the few unidentified dead will be identified when the disinterment is in progress by means of a bottle enclosing slips of paper which is the habit to put in the graves.

Similar care has been shown in identifying the dead in Porto Rico and the Philippines. The aggregate number considerable. The death list of the army throughout the war was 1,880, which is a remarkably low percentage considering the number of men engaged. Of this number many of the dead have been brought to this country for interment, so that the number remaining is considerably below the original number of dead. By far the larger part is about Santiago, although the number is considerable in Porto Rico and the Philippines.

SPAIN'S CRISIS.

Rumors of Foreign Interference in Domestic Affairs Stamped as False.

MADRID, Dec. 29.—The minister of foreign affairs, Duke de Almodovar de Rio, and the minister of the interior, Senor Capdepon, have thought it advisable to deny as absolutely unfounded the stories of the Republican and Carlist press, affirming that a foreign power is preparing to intervene in the event of the internal and financial affairs of Spain taking a bad turn, and that Great Britain has designs on the Balearic islands and the Straits of Gibraltar.

The newspapers here express the opinion that the decision attributed in this city to President McKinley to have the treaty of peace ratified in January, in the event of political affairs in Spain. The ministerial circles think it better to postpone the settlement of the crisis until the treaty is ratified.

There are mysterious rumors of a recent meeting of a dozen generals, the object of which has not been divulged, but which it is said, may importantly affect the situation. The government is believed to be aware that the meeting has taken place and is understood to be taking the steps necessary to prevent undesired developments.

Cremated in Jail.

SUMMITVILLE, IND., Dec. 29.—The jail here was burned early to-day and Fred Borlin, of Anderson, Ind., who had been incarcerated last night for drunkenness, was burned to death. The origin of the fire is unknown.

Two Pointed Questions Answered. What is the use of making a better article than your competitor if you can not get a better price for it?

Ans.—As there is no difference in the price the public will buy only the better, so that while our profits may be smaller on a single sale they will be much greater in the aggregate.

How can you get the public to know your make is the best?

If both articles are brought prominently before the public, both are certain to be tried, and the public will very quickly pass judgment on them, and use only the better one.

The explanations are large sale on Chamberlain's Cough Remedy. The people have been using it for years, and have found that it can always be depended upon. They may occasionally take up with some fashionable novelty put forth with exaggerated claims, but are certain to return to the one remedy that they know to be reliable, and for coughs, colds and croup there is nothing equal to Chamberlain's Cough Remedy. For sale by druggists.

Relief In Six Hours.

Distressing Kidney and Bladder disease relieved in six hours by 'New Great South American Kidney Cure.' It is a great surprise on account of its exceeding promptness in relieving pain in bladder, kidneys and back, in male or female. Relieves retention of water almost immediately. If you want quick relief and cure this in the remedy. Sold by R. H. List, druggist, Wheeling, W. Va.

Political.

REPUBLICAN PRIMARY ELECTION.

Notice is hereby given that the Republican primary election will be held in the city of Wheeling on Saturday, December 31, 1893, from 11 o'clock a. m. to 7 o'clock p. m. for the selection of candidates for the following offices:

Mayor, City Clerk, City Sergeant, Mayor's City, Members of Council from the different wards, as follows: For the First Branch one (1) from each of the eight wards. For the Second Branch: Four (4) from the First ward, Three (3) from the Second ward, Three (3) from the Third ward, Three (3) from the Fourth ward, Three (3) from the Fifth ward, Five (5) from the Sixth ward, Three (3) from the Seventh ward, Four (4) from the Eighth ward. Also a member of the City Executive Committee from each ward.

The voting places will be located as follows: First ward—At Vigilant Engine House, Second ward—At Chemical Hose House, and at No. 1111 McCulloch street. Third ward—At No. 31 Jacob street. Fourth ward—At Atlantic Engine House. Fifth ward—At Hook and Ladder Hose House. Sixth ward—At No. 273 Chapline street. Seventh ward—At Island Hose House, and at the Police Box, corner of South Front and Virginia streets. Eighth ward—At No. 31 Jacob street, and at No. 409 Jacob street.

By order of the Republican City Executive Committee.

WM. H. HORNISH, Secretary.

Proposals.

SEALED PROPOSALS.

State of West Virginia, Charleston, Office of Commissioners of Public Printing. Notice is hereby given that sealed proposals will be received by the Commissioners of Public Printing at the City of Charleston, W. Va., from this time until

MONDAY, THE 31 DAY OF JANUARY, 1894, at 12 O'CLOCK NOON OF SAID DAY.

for the execution of the State Printing and Binding and for supplying the State with Stationery and Printing Paper for the year beginning on the second Wednesday of January, 1894, and ending on the second Wednesday in January, 1901.

Each proposal must be accompanied by bond executed according to law, by the bidder, with at least two good and sufficient securities, residing in this state, in the penal sum of ten thousand (\$10,000) dollars, to be approved by the Commissioners of Public Printing upon application to them. Estimates of the work to be done or materials to be furnished, together with blank forms for proposals, bonds, etc., will be furnished by the Commissioners of Public Printing upon application to them. The commissioners are required to receive separate bids for the Printing, Binding, and Printing Paper, including Stationery.

The contract shall be awarded to the lowest responsible bidder for the same, for each of the above mentioned items, respectively. Prices therefor shall be responsible for the whole which is less than the aggregate amount of the lowest separate bids, in which case the contract shall be awarded to such lowest bidder for the whole.

All proposals must be made upon the printed blanks furnished by the Commissioners of Public Printing, and sealed and delivered to the Commissioners of Public Printing, at the City of Charleston, W. Va., on or before the day of the opening of the bids.

By order of the Commissioners of Public Printing.

J. M. LA FOLLETTE, Auditor, President Commissioners of Public Printing for the State of West Virginia.

December 29, 1893. d27

Executor's Sale.

REAL ESTATE.

By virtue of the will of the late Barbara Zilles, the undersigned will on Saturday, December 24, 1893, at the front door of the court house of Ohio county, offer for sale at public auction the large dwelling and store, with lot fronting 51 feet more or less, on North Huron street, and 113 feet on Bridge street, at the corner of North Huron and Bridge streets, on the island, in this city. Also the five vacant lots adjoining said house, and fronting 30 feet each on said North Huron street, and being of the estate of said Barbara Zilles, deceased.

The above is a valuable property, but must be sold. The dwelling house is commodious and conveniently arranged as a residence either for one or for two or three families.

Terms: One-third cash, residue in equal installments at six, twelve, eighteen and twenty-four months, with security.

C. P. FLICK, Executor.

1417 Chapline St., Wheeling, W. Va. Atkinson & Flick, Attorneys.

ADJOURNMENT.

The sale of the above mentioned property is adjourned to Saturday, December 31, 1893, at 10 a. m.

J. C. GREER, J. C. HERVEY, Auctioneers.
